# ECR 7700 *Plus*

A compact cash register with a stylish Italian design, the Olivetti ECR 7700 Plus uses alphanumeric thermal printing to deliver unmatched speed and silent operation.

Its full printing capabilities could not be easier to manage: the operator uses the cellphone-style keypad to key in the programmable business info or promotional messages to be printed on sales receipts. Scalable fonts reduce paper consumption and the drop-in loading system makes changing the roll a snap, keeping customers and cashiers happy.

Large-size displays for both operator and customer make for easy reading, while the key-locked function selector guarantees security and ease of use.

Designed to help the business grow, the ECR 7700 Plus is packed with convenient functions - 40 departments, up to 999 PLUs, 8 clerk codes and 4 payment methods - as well as a PLU stock control and 3,000-line electronic journal for full transaction information.

ELECTRONIC CASH REGISTER

EASY ROLL LOADING

KEY-LOCKED DIAL for secure, easy function selection

COMPACT CASH DRAWER, plus additional deposit drawer

TECHNICAL SPECIFICATIONS
